FEES and PAYMENT

We are a private billing practice. However, most face-to-face consultations are subject to a Medicare rebate, meaning that you will receive a refund for some of your payment. Pensioners and Healthcare Card Holders are eligible for a discounted fee. Some services we provide do not attract a Medicare rebate and these are included on our fees list which is available at reception. It shows the fee, the Medicare rebate and out of pocket expenses. Fees are payable at the time of consultation and can be made by cash, EFTPOS or credit card (VISA or Mastercard).

APPOINTMENTS

For appointments, please call between 7.30am and 6pm weekdays and before 12.30pm on Saturday.

You may also book on-line via our website or by downloading the **"AMS Connect"** app for smart phones.

If you think you will need more time please let us know at the time of making your appointment. You will need more time with the doctor if it is the first visit, to discuss multiple problems, for a complex health issue, for mental health assessments or for procedures and pap smears.

Making the right appointment for your needs will help your GP run on time.

While we endeavour to run on time, it is not always possible. In the interests of good patient care we sometimes have to extend consulting times. Our practice is proud of the services we are able to provide to you. We respect our patients' needs and hence try to accommodate as much as possible to your individual needs. In return, we would like you to respect our clinical and reception staff by being considerate and understanding when acutely sick patients or genuine emergencies are fitted in and unavoidable delays occur. Please remember that if your doctor is running late it is always because someone needed his or her extended care and attention. Please do not get upset with our reception staff or your clinician. If our doctors are running late we will let you know and give you the option of rescheduling your appointment time if you are unable to wait.

If you arrive for your appointment and you think you require urgent assistance (due to chest pain, difficulty breathing, dizziness or severe pain) or you believe you may be contagious (eg flu symptoms, gastro, child with a rash), please advise our reception staff immediately so we can assist you.

Please be aware that if you come late to your appointment, you will be seen for what remains of your appointment time. If you come after your appointment time has finished, you may not be seen and your appointment will need to be rescheduled.

HOME VISITS

Home visits can be arranged for eligible existing patients. Please contact reception to discuss further.

UNABLE TO ATTEND YOUR APPOINTMENT?

If you will not be able to make it to your booked appointment, please let us know as soon as possible by calling the practice. This allows us to offer your appointment to another patient. Failure to cancel your appointment with your GP within 1 hours of the booked time may result in a \$45 non-cancellation fee.

WHY ACCREDITATION?

We are an accredited practice. This means we are committed to continual quality improvement of our practice and our care to our patients. There will be times you may wonder why we do things certain ways. There are some strict guidelines we have to follow which are set by the Royal College of GPs. We are tested on these every 3 years. We are continually updating the way we operate following these guidelines. We are proud to be accredited and are committed to continual improvement

of our practice and our endeavour to a high quality of patient care.

WHY DO WE IDENTIFY YOU?

Did you know that we now have to identify you 3 ways every time you make an appointment and come into the practice? Even if we know you well. We will ask you your name, your date of birth and your address.

Why? Because we want to ensure we are providing the best possible care to the right patient.

We are bound by privacy laws that require us to identify all patients with a 3 point identifier every time we speak to a patient or a third party who has been given written consent.

PATIENT'S RESPONSIBILITIES TO OUR PRACTICE

Attending this practice involves a relationship with all staff. In order to maintain a healthy relationship both parties must respect each other and have a mutual trust.

Our practice tries very hard to provide our patients with a high quality of care and we aim to continually improve

our systems and services to help us do it better to care for you.

We will gladly listen to your suggestions and complaints and follow them up constructively, as this helps us improve.

However, we will not tolerate the following behaviours from our patients:

- violence or threatening behaviour towards any staff member
- yelling at our staff
- verbal abuse or aggressive behaviour to our staff on the telephone
- verbal or physical abuse towards our staff
- angry behaviour towards our staff
- continue to not follow Dr's treatment advice
- continue to fail to pay your bills

We are lucky at Blackbutt in that most of our patients do not behave like this and for that we thank you.

FEEDBACK

Although we try our best it is inevitable that from time to time a patient may have a complaint about our services. This feedback is very important to us as it alerts us to problems with the service we are providing and drives us to find a better way of doing things.

If you have any suggestions, ideas or would like to make a complaint you can either:

- Speak with your GP or nurse
- Let our reception staff know
- Speak with our Practice Manager
- Write us a letter
- Place your suggestion into our suggestion box on the reception desk

However, if you would like to take your complaint further and wish to speak to an external body, you can contact:

How to get your test results from Blackbutt Doctors Surgery

Today your doctor has requested you to have some tests. It is very important that you do have these tests. Once they are complete, there are several ways that you can get your results.

If your results are normal, and you do not need to do anything, we will send you an SMS to let you know your Doctor has marked your results “No Action”.

If you have not consented to SMS reminder we will not contact you with your “No Action” results. If you are concerned and would like to know your results if you have not been contacted, you can ring the surgery on 4950 9733 and one of our reception staff will be able to assist you.

If your results are abnormal, you may:

1. Be contacted by our receptionist to make a follow up appointment by SMS to book a non-urgent appointment. You will need to follow the link and the prompts to log on and get your message and book an appointment.
2. You may be called by one of our nurses to make a follow up appointment or be given some instructions that have been given to the nurse by your doctor.
3. If you need an appointment, please ensure you attend the appointment with your doctor to discuss your results.

Some tests are different, for example:

1. Tests for sexually transmitted diseases are handled in the following way. You may receive a message to see your Doctor, or your Doctor may tell you on the day that you will need to come back to see them. If your Doctor has not requested for you to return for an appointment and you don't receive a message to book in to see the Doctor, you must make an appointment to get the result with our nurses 2 weeks after you take the test.

Please make this appointment when you leave the surgery on the day the test is ordered, we can cancel the appointment if you book in to see the Doctor.

There is no fee to get STD test results with the nurse.

However, if you need to see the doctor regarding your test, this will incur a consultation fee.

We will only give results to the patient, not to others. This applies to all patients over 15 years of age. If you wish us to give your result to another person, you need to inform your doctor at the time of the consult and your Doctor will record this information in your notes.

For more information see our privacy policy.
